Howdy all of my fellow Area III, and Lake Houston members! I couldn't be more grateful for the opportunity to have served as your Lake Houston Reporter this year, and am so proud of everything we accomplished!

If you would have told me 3 years ago I would be here today running as one of your Area III candidates, I probably wouldn't have believed you. Without the people who encouraged and trusted in my potential, I wouldn't have the self-confidence to aim for the honor of an Area III office.

We all need the type of people who we can count on for support, inspiration, and friendship; which are three things I want to provide for everyone who places their trust in me. I believe in our potential to make this a great year in Area III filled with dedication, laughter, and success.

My fellow FFA members, I know that together we will prove that the Area III ***is*** still the place to be, because of our passion for blue and gold, and endless support for one another!
